STOMACHS ON STILTS.

The man who puts on stilts does not increase his actual stature. He only feels taller. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It contains no alcohol or whisky. It cures the weak, foul stomach with its attendant bad smelling breath, coated tongue, bad taste, poor appetite and kindred symptoms.

"In the year 1899 I had an attack of indigestion and got so bad that my home doctor said he could not do me any good," writes Mr. G. Trent, of Gordonville, Texas. "I wrote to you and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my stomach or bowels (I don't know which) as large as a man's two fingers passed and I had a good deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the Golden Medical Discovery I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since, and it was four years ago that I was so sick."

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol

Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

PRESIDENT'S PLEA FOR PEACE.

An identical note, the text of which, by authority of the President, was made public late last night at the White House by Secretary Loeb, has been forwarded to the governments of Russia and Japan by President Roosevelt. In the interest of humanity the President urges the warring nations to conclude peace.

It is suggested by the President that the negotations for peace be conducted "directly and exclusively" between the belligerent nations. The note indicates the President's belief that an intermediary may not be necessary to effect conclusive negotations, but likewise expresses the President's willingness to do all that he properly may do to promote the preliminary arrangements for a time and place for the meeting of representatives of the Russian and Japanese government.

Within 48 hours announcement will likely be made of such an agreement, and the place and time designated for the first conference. Field Marshal Oyama is believe to have been instructed by his government not to make another offensive movement until the question of negotations has been finally settled. The British, German, French and Italian governments are supporting President Roosevelt in his conciliatory efforts.

Here is the text of the dispatch as given out:

"On June 8 the following dispatch was sent by the President, through diplomatic channels, to the Japanese and Russian governments:

"'The President feels that the time has come when in the interest of all mankind he must endeavor to see if it is not possible to bring to an end the terrible and lamentable conflict now being waged. With both Russia and Japan the United States has inherited ties of friendship and good will.

"'It hopes for the prosperity and welfare of each, and it feels that the progress of the world is set back by the war between these two great nations.'

"The President accordingly urges the Russian and Japanese governments not only for their own sakes, but in the interests of the whole civilized world, to open direct negotiations for peace with one another.

"The President suggests that these peace negotiations be conducted directly and exclusively between the belligerents; in other words, that there may be a meeting of Russian and Japanese plenipotentiaries or delegates without any intermediary, in order to see if it is not possible for these representatives of the two powers to agree to terms of peace.

"The President earnestly asks that the (Russian) (Japanese government do now agree to such a meeting, and is asking the (Japanese) (Russian) government likewise to agree. While the President does not feel that any intermediary should be called in in respect to the peace negotiations themselves, he is entirely willing to do what he properly can if the two powers concerned feel that his services will be of aid in arranging the preliminaries as to the time and place of meeting. But if even these preliminaries can be arranged directly between the two powers, or in any other way, the President will be glad, as his sole purpose is to bring about a meeting which the whole civilized world will pray may result in peace."

A dispatch from Cologne says that the St. Petersburg correspondent of the Magdeburg Gazette claims that he has excellent authority for saying that the Czar is willing to enter into pence negotiations, providing that Japan shall limit her demand for indemnity to the sum of her actual disbursements and claim no Russian territory. Also, that Russia shall be placed on an equal footing with Japan as regards commercial facilities in Korea and Manchuria.

Governor Montague and the Federation of Labor.

After a heated discussion by the convention of the State Federation of Labor in Newport News, resolutions were passed yesterday denouncing Gov. Montague and members of the capitol commission for not making the work upon the building a "closed job." The resolution, as at first introduced, mentioned simply Gov. Montague. Some of the delegates declared that the resolution was intended to injure Montague in his fight for the senatorship, and an amendment was adopted by which all the members of the commission were included in the denunciation.

The following officers were elected: W. F. Fields, of Norfolk, president; Howard T. Colvin, Alexandria; W. E. Phenix, Richmond; F. R. Abrams, Newport News; D. M. Ruggles, Roanoke, vice presidents; M. R. Pace, Richmond, secretary-treasurer; J. C. Long, Roanoke, sergeant-at-arms.

When the convention adjourned for the night the Jamestown Exposition controversy still was up for discussion. Up to the present time the representatives of organized labor in that section have been unable to reach an agreement with the board of governors of the exposition, and the whole matter was referred to the State Federation for settlement.

After a long discussion of the Jamestown Exposition matter yesterday, a committee of five members was appointed to co-operate with the local central labor union in regard to the whole affair, and the State Federation adjourned subject to call of the president, to pass upon the report of the committee when it is ready to submit a report.

The next meeting of the organization will be held in Alexandria. This will be a five-day session.

MEDICAL OPINIONS OF BUFFALO LITHIA WATER

Experience "Fully Demonstrates the Value of Buffalo Lithia Water as a Solvent of Uric Acid, and a Valuable Therapeutic Agent in the Treatment of Gout."

L. H. Warner, A. M., Ph. G., M. D., Brooklyn, N. Y. In a paper entitled "The Treatment of Gout, Uric Acid Diathesis and super-induced Cystitis in the cases of two idiosyncratic Patients," gives full clinical notes of these interesting cases, and in a lecture before the recent meeting of the Alabama Medical Association showed stereopticon views of the blood and urine of these patients in different stages of improvement. He says: "My former good results from the use of BUFFALO LITHIA WATER in cases of rheumatism due to Uric Acid intoxication led me to suggest this agent to my patients. The use of nitrogenous foods was restricted and a full half gallon of BUFFALO LITHIA WATER per day was ordered to be taken. I was more than surprised at the amount of Uric Acid and eliminated with each urination, and three weeks from the beginning of treatment not a trace of the former cystitis existed, and in four months, with BUFFALO LITHIA WATER as the only medication used, we find an increase of 5% Haemoglobin, 200,000 red cells and a normal count of white cells, while the urine appears without any pathological factors. These cases fully demonstrate the value of BUFFALO LITHIA WATER as a solvent of Uric Acid and a valuable therapeutic agent in the treatment of Gout."

"THE MOST RELIABLE SOLVENT IN CHRONIC INFLAMMATION OF THE BLADDER AND RENAL CALCULI."

Louis C. Horn, M. D., Ph. D., *Professor of Diseases of Children and Dermatology in Baltimore University*, writes: "Having used BUFFALO LITHIA WATER in my practice in the past eight or nine years, I find it the most pleasant and most reliable solvent in Chronic Inflammation of the Bladder and Renal Calculi; also in gouty and rheumatic conditions. It is a remedy of great potency."

"UNDER A DEBT OF GRATITUDE TO THIS MOST EXCELLENT WATER FOR WONDERFUL RELIEF."

Wm. C. Wilo, A.M., M.D., LL.D., *of Danbury, Conn.*, reports the following (*New England Medical Monthly*, December 15, 1888): "In a recent outbreak of Nephritic Colic in our own person, BUFFALO LITHIA WATER was speedily cut the attack, under the, short, the stones quickly passed, and the debris which followed showed a thorough cleaning of the kidneys and bladder of all foreign substances. All of the reflex symptoms and sequelæ were promptly relieved, and we feel under a deep debt of gratitude to this most excellent Water for wonderful relief."

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any of these ailments. For sale by Gibson & Timberman and W. F. Creighton & Co.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspesia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properities to the blood and tissues. This builds up and strengthens the entire system Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

License and Tag, $1.50.

SATURDAY EVENING, JUNE 10, 1905.

A MOVEMENT toward bringing about peace between Russia and Japan has at last been made, and President Roosevelt has taken the initiative. It is said that he has the support of most of the European countries, and that the Czar and the Mikado are in a frame of mind to listen to suggestions; also that within the next forty-eight hours the proposals are likely to crystalize into concerted endeavors to bring about pacific relations between the belligerents. While Russia is likely to smart under wounded pride for some time, it is believed that she is not disposed to continue at present in her desperate course to recover prestige, while it is thought that Japan is not so much intoxicated by her success as to continue bloodshed and completely exhaust the resources of the country. It is believed by nearly all diplomats that the struggle, which is now running into the second year, has continued long enough, and that both nations should be amenable to reason. There is now more confidence in the outcome than at any time during the past few months. From present indications there is a concerted desire on the part of most nations to bring about peace, as there is no telling what complications will necessarily follow should the struggle be continued another year. The action of President Roosevelt may be taken as an index of a universal remonstrance against a continuance of hostilities. In this connection it may be observed that the part taken by the United States in international affairs is significant. This country, by the shifting of scenes and the transitions of the past few years, is no longer regarded as a young, weak and sequestered nation, standing simply upon the defensive, but a recognized member of the family of nations, which is not only listened to with respectful attention, but called upon to lead in delicate international affairs. Should the President's endeavors prove successful in bringing about peace, all the world will have cause to rejoice.

OELO, colored with azo, a poisonous coal-tar dye, has been sold for the best dairy butter to all the United States ships, the camp, marine barracks and hospital at League Island for many months. Presidents Roosevelt was informed of this on Thursday and said that immediate investigation would be made of the whole matter. In accordance with the President's personal commands, acting Secretary of the Navy Darling and Internal Revenue Commissioner Yerkes began an investigation yesterday that caused excitement in the League Island navy yard and the Philadelphia internal revenue office. Arrests, following the charges, are expected within a few days. Suits upon the bonds of those who supplied the material are part of the anticipated legal procedure. The exposure comes directly through the Pennsylvania dairy and food division of the Department of Agriculture. It is a confirmation of the statement, made a month ago, that oleo industry is being revived, and that it has at its back most of the corrupt influences and methods that four years ago made it one of the greatest menaces the American farmer ever has been called upon to fight.

OF THE 5,713 national banks in operation on May 31, 1905, 2,502 have been organized since the passage of the act of March 14, 1900, which permitted the formation of national banks of small capital. Of these 2,502 new banks, 1,625 have a capital of less than $50,000 each, the average being about $26,000. In reference to these banks the Wall Street Journal says:

The establishment of these little banks—one being organized every business day in the past five years—presents a feature of the banking situation in this city the significance and effect of which are but little understood. It is too soon to measure results, but thus far the system was worked well. The country has clearly wanted these small banks and they have widened the scope of the deposit currency and the note circulation. The ultimate test will be that of security in administration.

FROM THE articles of incorporation that have been filed with the Secretary of State of Indiana for the Laycock Power-house Company, says an Indianapolis paper, it is seen that an entirely new industrial scheme is contemplated, involving the gathering up of many different small industries under one roof, supplying all of them with a central power plant, central shipping facilities, one executive and clerical force, and, in effect, giving the small manufacturer all of the economies resulting from combination and consolidation, and at the same time allowing him to maintain his individuality as an independent manufacturer. Such a plan was suggested by a well known citizen of Alexandria some years ago, but it never took definite shape.

MR. WILLIAM L. ROYALL, of Richmond, has challenged Senator Martin to a joint debate. "How we apples swim!"

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 10.

As a result of President Roosevelt's efforts in the direction of peace, backed by the influence of the powers of Europe, it is confidently expected here that a suspension of hostilities between Russia and Japan will be effected within a few days. The most likely course to be pursued is first an armistice, to be arranged by the generals in the field upon orders from Tokio and St. Petersburg, then the appointment of commissioners to conduct negotiations. One of the first subjects to be considered by the two governments will be, as suggested by the President in his identical note, the selection of a time and place for the meeting of the commissioners. While it is considered quite probable that Washington may be chosen as the place, it has been intimated by the Japanese legation here that the field in Manchuria might be more acceptable to the two governments. It is hardly possible that either Tokio or St. Petersburg would be selected.

The suggestion in the note that the negotations might best be conducted directly between the two warring governments without the interference of an intermediary came from Japan. This, it may be stated with authority, is the extent of the advances made officially by the Japanese.

Favorable replies from Japan and Russia to the President's identical note of the 8th are believed to be on their way. Important dispatches were received at the White House this morning, and after a consultation between Secretary Taft and Secretary Loeb, it is understood that they were sent to the President in Virginia. Secretary Loeb declined to either affirm or deny that formal replies had been received from the belligerents. The general belief here, however, is that assurances were given the President before he sent the note to St. Petersburg and Tokio that his suggestions would be favorably received.

High officials of the government are confident that both Russia and Japan will accept the President's solution of the war problem as the quickest and most rational course to pursue. Emperor Nicholas, who was the father of The Hague peace conference, cannot with very good taste refuse to lay down his arms and arbitrate the matter with Japan, and Japan, who has announced that she was only waiting for some sign from Russia, cannot very decently refuse to quit fighting when her opponent signifies a willingness to substitute reason for slaughter.

Up to 12:30 this afternoon the formal replies of Japan and Russia to the President's identical note of June 8th had not been received here.

Kogoro Takahira, the Japanese Minister, this morning expressed the firm belief that his government would without delay accept the peace suggestions made by President Roosevelt. He referred to the President's note in the highest terms of praise. "It is the most admirable state paper ever known," he declared with emphasis. "Based upon the noble idea of humanity and civilization," he continued, "it will be regarded a beacon light to be followed in international transactions in the future. I am sure that the suggestion made in that manner by the President will be promptly accepted by Japan." This expression doubtless means that Japan has already taken that action, and, considering the favorable manner in which the Czar accepted the President's suggestions as conveyed to him by Ambassador Meyer, it is believed that negotiations looking to the declaration of an armistice and the selection of peace commissioners are now fairly under way.

The funeral of the late Beriah Wilkins took place this afternoon at 3 o'clock from his late residence, 1711 Massachussets avenue. The interment, which was private, was in Rock Hill Cemetery. Messages of condolence are being received by the family from all over the country.

There was another chapter in the Bowen-Loomis inquiry this morning. Harry Unwin, who was the travelling auditor of the New York and Bermudez Asphalt Company, at the time it is alleged that a check for $10,000 passed between the company and Mr. Loomis, was called as a witness. Mr. Unwin had nothing but heresay testimony to offer. He said that he remembered handling a check for $10,000 which was made out to Henry Willard Bean, who was the company's agent at Caracas. He could not remember the date but he had heard it whispered that it was intended for Mr. Loomis.

A delegation representing the Cincinnati merchant bodies, called on the Attorney-General this morning and submitted to him a petition containing the grievances of Cincinnati and northwestern territory against the Southern Railway, the Atlantic Coast line, the L. & N. combination, the Southeastern Mississippi Valley association and the Southeastern freight association, on account of alleged discrimination against that territory in the matter of freight rates. They declare that the Sherman law has been violated, and ask the Attorney-General to take such steps as will afford the needed relief. It is their intention to call on the President Monday. The delegation consisted of Robert H. West, E. E. Williamson, M. C. Farrin and H. Lee Early.

U. S. District Attorney Morrison, of Chicago, who has been here for several days in consultation with Attorney General Moody relative to the beef trust investigation by the federal grand jury in that city, declines to discuss the story that he is at odds with Mr. Moody in the matter, except to say that "somebody has been using his imagination." Following the policy of the Department of Justice in all such proceedings, Mr. Moody refuses to make public anything in connection with the grand jury inquiry until its completion.

Having been informed that the squadron under the command of Admiral Sigsbee would be permitted to moor in the basin of Havre, the Navy Department has decided that unless it be found by the authorities in Paris more desirable to go to Cherbourg to have the embarkation of the remains of John Paul Jones take place at Havre. The date of the sailing of Admiral Sigsbee's squadron will not be designted until the details of transportation of the remains and the ceremonies attending such transportasion and embarkation have been more nearly completed in Paris.

It is reported from Christiana that the Swedish foreign minister has ordered all ambassadors and consuls who formely acted for the duel nations not to receive any further orders from Norway. Norway, therefore will soon name her own ambassadors and consuls. All Norwegians who held offices under the former government in the consular service have now retired.

News of the Day.

On the site of the Plaza Hotel, at Fifty-ninth street and the Fifth avenue in New York, it is planned to erect within the next year a hotel which will rival any similar structure in the world. Fifteen stories high and having nearly 1,000 rooms, it will be erected at a cost of about $15,000,000.

Mrs. Elizabeth Stoddert Bowie, a descendant of two of the oldest and most famous families in Maryland and the South—the Stodderts and Bowies—died Tuesday afternoon at the home of Miss S. H. Key, in Baltimore, from old age. She was 85 years old and was the widow of Robert Bowie, jr.

Rev. Frederick Foote Johnson, of Springfield, Mass., was yesterday in New York elected coadjutor missionary bishop of South Dakota by the Protestant Episcopal House of Bishops to assist Bishop Hare. Mr. Johnson is a native of Connecticut and a graduate of Trinity College, Hartford, and of the Berkeley Divinity School.

Mr. John C. Dorer, of Baltimore, procured a license and made every other preparation to marry Mrs. Ida M. Gosnell. The latter seemed during the day to be in as dead earnest as was Dorer, but when night drew on and she failed to appear, inquiries were made and it was found that she had changed her mind. All things were ready, but there being no bride, those whose who had been eyeing the refreshments wore a look of disappointment. The groom, however, was not to be disappointed, and he immediately sought Miss Annie W. Higgins, and suggested that she take Mrs. Gosnell's place. She decided to do so, the license was changed and a minister made Dorer and Miss Higgins man and wife. The marriage feast followed.

Equitable Life Assurance Society.

Paul Morton, who retires from the secretaryship of the navy on July 1, was yesterday elected chairman of the Equitable Life Assurance Society. His election marks the first and most important step in the reorganization of the society, and was followed by the tender of the resignations of President James W. Alexander, Vice President James H. Hyde, Second Vice President J. G. Tarbell, Third Vice President George T. Wilson and Fourth Vice President Wm. H. McIntyre.

Mr. Morton, as explained by Senator Chauncey M. Depew, was the unanimous choice of the board of directors of the Equitable, although the meeting was not altogether harmonious.

It is known that Brayton Ives and Charles Stewart Smith, who were from the outset of the controversy on the side of the conservative element, protested against some of the proceedings of the meeting, and are believed to have voted against Mr. Morton's election.

The new chairman, to further quote Senator Depew, did not consent to take office until he had received positive assurance that he would have a "free hand as to measures and men."

Mr. Hyde "divested" himself of the majority control, but, as made clear in his letter to the board, retains a substantial interest in the society.

All of the resignations submitted to the meeting are subject to the pleasure of Chairman Morton, and none has yet been accepted.

Just what action Mr. Morton will take as to these resignations was not disclosed, but it was strongly intimated that President Alexander and Vice Presidents Tarbell, Wilson and McIntyre retired with the belief that their executive relations with the Equitable had ended.

The interests to which Mr. Hyde disposed of his stock number some two-score individuals, led by Thomas F. Ryan, vice president of the Morton Trust Company, which has close relations with the Mutual Life Insurance Company, one of the Equitable Society's principal rivals. Mr. Ryan is said to be heavily insured in the Equitable as are, according to report, many of the others who acted with him in the purchase of the Hyde holdings.

The price paid for the Hyde estate stock, which is to be trusteed practically in perpetuity, was not disclosed, but estimates vary from $3,500,000 to $5,000,000.

Alfonso's Visit Ended.

The ceremonies attendant upon the visit to London of King Alfonso of Spain ended last night with a dinner at Marlborough House and a state ball at Buckingham Palace, in London which latter was the most brilliant function of the week's programme.

In the afternoon King Edward, King Alfonso and their visited Windsor Castle which the Spanish King saw for the first time. He visited the royal apartments and became enthusiastic over the splendid views, which, however, were to some extent spoiled by continued heavy rain. He afterwards drove to Frogmore to visit the tomb of Queen Victoria.

The royal party returned to London late in the evening, having received a great reception at all stations along the route.

King Alfonso yesterday was decorated with the royal Victorian chain by King Edward, and the members of his suite received a number of high orders.

The royal visitor left London this morning and will sail at noon from Dover.

King Edward has accepted from King Alfonso the colonelcy-in-chief of a Spanish regiment. King Alfonso invited King Edward and Queen Alexandria to visit Spain at their earliest opportunity, and it is probable that the invitation will be accepted for 1906.

Stabbed in a Drunken Brawl.

In what is alleged to have been a drunken brawl, Charles Popkins, a young white man of Berryville, Va., was stabbed 29 times and probably fatally injured. The wounds were inflicted by persons as yet unknown on the farm of John D. Bell, in Clarke county, near the Shenandoah river. The fight occurred early Thursday morning, and is said to have been the outcome of a party of a dozen young men who had spent the previous day fishing in the Shenandoah becoming intoxicated. Wad Tinsman, a friend of Popkins, was cut and beaten, and is not expected to live. According to Mr. Bell, the owner of the farm, he was awakened at night by cries for help, and found Tinsman on the ground, bloody and suffering from numerous stab wounds and blows. The injured man was made as comfortable as possible. He stated that Popkins had probably been killed. In the morning the unconscious form of Popkins was found some distance from the house.

The Market.

Virginia News.

Rabbi Edward N. Calisch will leave Richmond Sunday evening for New York whence he will sail Thursday for Europe to be gone for some months.

James T. Lowry, of Chicago, and Mrs. Bertha G. Higgins were married Thursday at the home of Mr. John Washington, near Milford, Caroline county, by Rev. Mr. Berry.

Mr. Robert H. Gouldman and Miss Bessie M. Taylor, daughter of Mr. John Taylor, both of Westmoreland county, were married Thursday evening at St. Peter's Church, in Westmoreland county, Rev. W. C. Latane officiating.

In connection with the electric power plant proposed for Richmond, Mayor McCarthy recommends a unique method of fighting fires without the use of engines. He proposes to have large water towers on high points in the city, with electric pumps at their basses that will supply the tanks as fast as drawn off to extinguish fire, the power to run the pumps to be supplied by wires from the central electric plant.

Capt. John S. Wise, of New York, has filed an amended plea, correcting errors in the plea, by which he expects to upset the suffrage clause of the new constitution of Virginia. The plea asks that two judges of the congressional election of November 4, 1902, be compelled to pay $5,000 damages each on the allegation that they did not allow John E. Brickhouse, a negro, to vote. The case is still pending in the courts, but the republican leaders in Norfolk ridicule it, while they compliment Captain Wise on the large fees the negroes have given him to promote the suit.

Second Auditor Dew said yesterday that the books of his office would be closed for the transfer of State securities June 15, and would not again be opened till July 1, at which time interest on the State debt would be paid—the usual semi-annual payment. The sum of $450,000 will be paid out by the State July 1, that being the approximate sum to be paid by the State. Since the last payment—January 1 of this year—the sinking fund commissioners have canceled bonds aggregating considerably more than one million dollars, the interest on which is saved to the State. Checks are to be mailed by July 1, and will be paid by any bank in the country.

Bishop Van De Vyver Will Visit Pope Pius.

Right Rev. A. Van de Vyver, Catholic Bishop of Virginia, will leave Richmond tomorrow for New York and on the 15th will sail for Rome to make his personal visit to the Pope. This the rules of the church require every ten years.

This will be the second official visit of Bishop Van de Vyver to Rome, but the first to Pope Pius, as the previous one was made during the reign of Pope Leo.

With the exception of Bishop McGill, the reign of Bishop Van de Vyver has been longer than that of any other bishop of this diocese. During the sixteen years that he has been at the helm, the church has grown phenomenally, the number of priests increased, and numerous churches erected.

In his report to Pope Pius, Bishop Van de Vyver will tell of the wonderfull impetus given the church in Virginia by the building of the handsome new cathedral and various churches in sections where there were previously none. During his regime the Catholic population has doubled, and now numbers over 30,000 souls in the Virginia diocese.

The number of priests has nearly doubled, and many been parishes have instituted. Many priests have been furnished with assistants at various churches where this was not necessary before.

A special feature of Bishop Van de Vyver's work has been the building of churches, among them the imposing cathedral, which will shortly be completed, in Richmond; St. Paul's Church, in Portsmouth, which will be used for the first time next Tuesday; St. Andrew' Church, in Roanoke; St. Joseph's in Petersburg; St. Frances', in Staunton; Sacred Heart, in Manchester; St. James', at Falls Church, and St. Mary, Star of the Sea, at Old Point Comfort.

At many places in the diocese handsome school buildings have been erected and the education of the children been fostered. The purchasing of the seventy-two acres for Mt. Calvary Cemetery was also done by Bishop Van de Vyver, whose executive ability and wonderful financiering are manifested in the splendid results shown in the history of the church in the last decade.

The President in Virginia.

President Roosevelt did not stop off at Rapidan yesterday, as announced in Washington, but went 50 miles farther down in Virginia to pay his initial visit to the Albemarle farm, which Mrs. Roosevelt recently purchased from Mr. William N. Wilmer, the New York banker, and which she proposes using for short visits at any time she may feel like leaving Washington for rest and quiet.

The President left the train at Red Hill, nine miles south of Charlottesville, and tipping his hat to the half dozen persons at the station said:

"I am glad to meet you gentlemen, I am glad to become a landholder in your community."

He then mounted a handsome sorrel stallion, and, accompanied by Mr. William Wilmer, started off on a 12-mile horseback ride to join Mrs. Roosevelt, who arrived at the home of Mr. Joseph Wilmer Thursday afternoon.

The tract of land purchased by Mrs. Roosevelt consists of 15 acres. Upon it is a neat two-story residence which has recently been improved to suit the needs and tastes of Mrs. Roosevelt. It is deep in the heart of the woods. Its color is ocher, with brown trimmings and green blinds. A broad porch extends across the front. The stairway leads from the lower hall, where all the rooms have been thrown into one, to the upper story, where there are three sunny little bedrooms.

Whooping Cough in Jamaica.

Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to relieve in any case where I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Today's Telegraphic News

Peace Prospects.

London, June 10.—The correspondent of the Publishers' Press learns from an authoritative source that Japan does not want the war to cease just now. There would be the greatest disappointment at Tokio if the present situation, under President Roosevelt's manipulation, should develop in such a manner as to make peace inevitable. The man from whom this information comes occupies a position which gives him full knowledge of the desires and intentions of Japanese statesmen. In an interview today, he said: "Japan believes it will be much better for the lasting nature of the peace agreement if hostilities do not end until after the next land battle. Japan is confident that Field Marshal Oyama will be able to administer a decisive defeat to General Linevitch. When this is done the Mikado's advisers will be in a far better position to enforce their own peace terms, particularly in regard to the disarmament of Vladivostok, than they are at present. Japan believes that the changing of Vladivostok from a Russian naval base to a commercial port is of considerable importanco to her future. She may not be able to secure this concession if Linevitch is undefeated when peace comes, while she believes she will be able to obtain it if Linevitch has been defeated before hostilities end."

This statement must not be regarded as indicating that Japan will commit any overt act which will destroy the result of President Roosevelt's work, for the government at Tokio cannot afford openly to declare that Japan does not desire peace. At the same time, if the view prevails at Tokio that peace in the future is better than to end the war just now, any negotiations at this time between the belligerents will have slight chance of ending successfully unless Russia changes her attitude and resolves upon peace at any price.

St. Petersbnrg, June 10.—The correspondent of the Publishers' Press was informed today at the Foreign Office that nothing has occurred within the last twenty-four hours to bring peace nearer.

The greatest interest is manifested here in the reports from Tokio as well as in all the news which seems to indicate that peace is in sight. It is understood that in considering peace negotiations Japan is prepared to stand out for a demand for indemnity. On this point it is believed President Roosevelt will urge leniency on Japan. In financial circles, here, it is believed the demand for indemnity will be for $1,000,000,000 as it is estimated that Japan has spent this amount since the war began. Other estimates place her expenses for the war at not over $600,000,000, and in that case her demand for indemnity may be below $1,000,000,000.

London, June 10.—A dispatch to the Reuter Telegram Company from Tokio says that Japan has agreed to appoint peace commissioners in accordance with the suggestion of President Roosevelt.

St. Petersburg, June 10.—Messages received here from Tokio confirm the reports that Japan has agreed to the proposal of President Roosevelt to appoint plenipotentiaries to meet Russian plenipotentiaries to discuss peace terms. The dispatches say that a meeting between the representatives of the belligerents is assured.

St. Petersburg, June 10.—The correspondent of the Publishers' Press has secured from excellent authority confirmation of the reports that Russia is ready to discuss peace with Japan.

Czar Will Not Receive Deputation

St Petersburg, June 10.—It is stated on reliable authority that the Czar has decided that he will not receive the deputation from the all-Russian Zemstvo congress held at Moscow, which was selected to present the address adopted by the congress on Thursday. The address of the congress has caused a great sensation. Such language as it contains was never before used in addressing a Russian Czar. It is virtually an ultimatum and the plea to the Czar to act before it is too late is regarded as significant.

The all absorbing topic among the masses of the people the convocation of the legislative assembly, was taken up for consideration by the council of ministers today. The situation is being canvassed on the report made by the commission headed by M. Bouligan, the Minister of the Interior, which suggested a plan for the "Imperial Duma," and it is expected that a proclamation will be issued establishing the Duma as an assembly. The meeting of the council of ministers today was attended by General Trepoff, whose selection by the Czar to be Assistant Minister of the Interior created such a furore throughout Russia.

King Alfonso.

London, June 10.—King Alfonso who has been the guest of England since Monday, lett today en route to Madrid. Englishmen are discussing with great animation the question of the chances of a royal wedding between Alfonso and Princess Patricia, of Connaught. The manner in which Alfonso and the young princess were constantly thrown together during the king's visit has given rise to a great deal of talk on the subject. The whole British court seemed bent upon matchmaking and no occasion was missed, from the luncheon given by the City of London, to Alfonso, immediately on his arrival, to the military review at Aldershot, for putting the young people in each other's way. The apparent object of this was to give Alfonso an opportunity to make up his mind as to Patricia's eligibility as the future Queen of Spain. Whatever opinion he may have formed of Patricia, as a possible bride, he kept to himself, and the court is no wiser than before he came to England. If the royal matchmakers succeed, however, the result will be hailed with satisfaction in England.

Circus Seats Fall.

Altoona, Pa., June 10.—During a circus performance at Williamsburg Friday night several sections of the seats collapsed, precipitating nearly five hundred people in a mass underneath the wreckage. More than a score of persons were injured, Mrs. William Strasser and Mrs. William Rath probably fatally. When the seats went down the audience was thrown into a panic, in which the cries of the injured, mingled with the yelling and crowding of those unhurt, made an indescribable scene. A number of the rough element, believing that the showmen were negligent, made an attack on them as they were preparing to leave. Stones and clubs were used, and a number sustained injuries. When the manager of the show interceded, he was assaulted by a mob.

Destructive Fire.

New York, June 10.—One of the most disastrous fires that has visited Williamsburg, in years, occurred there this morning. The flames consumed the better part of two blocks, ate their way into a third, and threatened the river front for a considerable time. The whole block between Kent and Wythe avenues, and south Ninth and Tenth streets was wiped out, and the block between south Ninth and Eight streets, was nearly destroyed, while several houses on the block between south Tenth and Eleventh streets were burned. The great factory of the Brooklyn Casket Company, the plant used for manufacture of coffins of the trust in Brooklyn, and in which the fire started, was totally destroyed, as was the Vogel tinware factory. The total loss is estimated at $300,000.

More Phillipines Killed.

Major General Corbin, commanding in the Phillipines, cables as follows from Manila to the War Department: "Brig. Gen. Wm. H. Carter reports that Capt. Cromwell Stacey with 80 men, Co. E, 21st Infantry, and 38th Co. of Phillipine scouts surprised the main camp of the Pulajanes on June 4, fifteen miles southeast of Catubig. The Pulajane chief Daguhob and 40 of her natives were killed and 6 captured. Arms and valuable records also captured. No one killed on our side; 2 wounded who are doing well. Daguhob's death does away with the most troublesome fanatic in the island of Samor. Operations are being carried on in support of, and in conjunction with, civil authorities."

Mysterious Death.

Wheeling, W. Va., June 10.—Oliver Goodwin, of Clarksburg, recently married, was found shot through the heart this morning in his bed. His wife, who slept in the same room, told the authorities her husband was slain by burglars. The story is so improbable that the coroner is investigating. The dead man recently eloped to Oakland, Md., with Miss Osse Samples. Lately their wedded life was said to be unpleasant, and this fact impels the authorities to go into all details of the affair. The deceased was the son of one of the poineers of the city, and very wealthy.

Reconciliation.

New York, June 10.—Mrs. Richard Croker with her two daughters Ethel and Florence, it was learned today have joined the former leader of Tammany on his Irish estate near Dublin, and it is reported that the reconciliation between them which was brought about at the time of the death of Frank Croker, their son, is now completed.

Not a Sea Serpent.

Old Orchard, Maine, June 10.—Portions of the carcass and skeleton of a whale were what drifted in on the sand at Ocean Park on Thursday and not the far famed sea serpent that has been seen off and on for years.

One Hundred Killed and Wounded.

St. Petersburg, June 10.—Late dispatches report that nearly one hundred persons were killed and wounded in the rioting at Minsk. The Jews are the chief sufferers.

New York Stock Market.

New York, June 10.—The first response over night to the developments in the Equitable in the stock exchange came in the shape of large blocks of buying in stocks. It was stated today that a coming development will be the extra dividends on Northern Pacific which will be declared, according to stock exchange talk, within the next ten days. It is now definitely stated that these dividends will consist of 50 per cent. in scrip and a cash dividend that will make the total equal to 70 per cent. Bonds are firm. The market closed strong at the highest prices of the day.

Why We Recommend Orrine To Cure Drunkenness.

In taking the agency for Orrine, the liquor habit cure, we thoroughly satisfied ourselves that it was an article of genuine merit, and that the company, which is located in Washington, D. C., deals squarely and lives up strictly to the guarantee. "If the cure is not made the money will be refunded."

Since selling Orrine numerous cases have come to our knowledge that have been cured of the horrible liquor habit by this meritorious article, which strengthens the nervous system and destroys the craving for whisky, beer, or other alcoholic stimulants. Orrine is prepared in two forms. No. 1 should be given to cure the patient without his knowledge. It can be put into coffee or food as it is tasteless, colorless and odorless.

We think that when the excessive drinker is approached properly he will be willing to be cured. If he consents, purchase Orrine No. 2, which is put up in pill form. Either form sells at $1.00 per package. Step into our store and receive full information regarding Orrine, the remedy that really cures the liquor habit. If you will write to the Orrine Company, Inc., Washington, D. C., they will send you free a book on "Drunkenness," in a plain paper wrapper.

We have great confidence that Orrine cures the drink habit. Sold by E. S. Leadbeater & Sons, druggists, Alexandria, Va.

The Alexandria Hospital.

Alexandria, Va., June 8th, 1905.

To the Lady Managers of the Alexandria Hospital.

Ladies: In the multitudiuous demands made upon each of us who endeavors to keep abreast with the times in which we live it is only by the recurrence of anniversaries that we become aware how time has sped. I can scarcely realize that a year has elapsed since my last report was rendered and yet the changes manifest in every department of the hospital fully confirm the fact. With the additional operating room and the new building, also the substitution of paint for paper on the walls in many of the rooms, likewise the more thorough observance of Aseptic than has ever been accomplished before, besides the beautifying of the yard all tend to made our Alexandria Hospital attractive to the invalid and a place of inestimable value to the physician and surgeon.

On account of the varied work done in this institution it does seem to me that the time has arrived when one room should be properly equipped with gratings so that cases of temporary mania can be properly handled by the lady nurses and during my term we came very nearly having a serious object lesson in this direction. I cannot speak too highly of the attention of the pupil nurses to their duties; they are thoroughly enthused with their work and give promise of the best nurses the hospital has ever turned out.

Of the matron you have my opinion as expressed in previous reports. We have the right woman in the right place and in that place may she live long and prosper. During my term there were admitted 127 patients. Of these 101 were cured, 4 improved, 16 remained under treatment and 6 died.

Respectfully,
GEO. L. KLIPSTEIN, M. D.

COURT OF APPEALS.

The Court of Appeals at Wytheville yesterday refused to grant a writ of error in the case of William Hansboro, who was convicted of murder in Bath Circuit Court and sentenced to be hung on June 15.

A writ of error was granted in the case of Thompson et al. vs. Camper, from the Circuit Court of Roanoke county; action of ejectment.

There was also a writ of error allowed in the Virginia Iron, Coal and Coke Company vs Adams's administrator, from the Circuit Court of Wise county. This was a suit to recover damages for the death of Squire Adams, a boy seventeen years of age.

The case of Frank & Sons vs. Gump was argued and submitted.

Southern and Western Railway Company vs. Flanery et als., from the Corporation Cour of Bristol. Passed.

Mort, guardian, et als. vs. Jones et als., from Corporation Court of Bristol, argued and submitted.

Rhea et als. vs. Sheffey; dismissed.

Western Union Telegraph Company vs. Prickett; dismissed.

Virginia Iron, Coal and Coke Company vs. Tomlinson, administrator, from Circuit Court of Wythe county; argued and continued.

The next cases to be called: Watts vs. Watts's executrix et als.; Pocohontas Collieries Company vs. Higginbotham, and Graves vs. Scott, from Twenty-second circuit.

Flower Day.

Yesterday being flower mission day, the ladies of the W. C. T. U. wended their way to the home of Mrs. Huffman, on Franklin street, laden with growing plants and beautiful cut flowers, which were made into bouquets tied with white ribbon, each bearing an appropriate verse of scripture, which were sent to the hospital, the prison and to the sick throughout the city. The "right hand man" of the union, Mr. R. P. W. Garnett, was on hand with a large donation of flowers to assist the ladies, which willing service was much appreciated by them. Before the work was finished the hostess, ever in "hospitable thoughts intent," announced dinner. And such a dinner! It could not have been beaten in the days when old Virginia hospitality was at its height. In the afternoon work was resumed, interspersed with music and amusing reminiscenses of farm life "fo de war" told by Mr. Garnett in his inimitable style. When 40 bouquets had been sent out, a unanimous vote thanked Mr. and Mrs. Huffman for a most pleasant day, after which we returned to our homes with the earnest hope that we had cherished some sorrowing heart or baightened some lonely life, our own hearts echoing the sweet words of our Master, "Inasmuch as you have done it unto one of the least of these, you have done it unto me."

RECORDING SECRETARY.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Safe Pills their troubles would all pass away. Turned Over to Her Father.

The writ of habeas corpus, sworn out yesterday by J. P. Brewer for the possession of his daughter, Ina E. Brewer, who, he claimed, was held unlawfully by F. E. Thomas and wife, of the Jones-Adams Carnival Company, now exhibiting on the old fair grounds, which was postponed yesterday evening, was heard before Judge Barley in the Corporation Court last night. The young woman is being exhibited at the carnival as a midget—her height being 32 inches and weighing only 27 pounds—and this fact attracted quite a number of spectators, among whom were several ladies. Before hearing the proceedings, Judge Barley tried to bring about an amicable settlement or understanding between the litigants, but his efforts were of no avail. The contract which Brewer had signed for Thomas called for $20 a week, but Thomas claimed as he had lost money on his venture and as Brewer did nothing for his portion of the money, he wanted a reduction in the salary. This Brewer would not agree to, whereupon the judge called the case into court. The plaintiff was represented by Mr. Howard W. Smith and the defendant by Mr. L. H. Machen. Only two witnesses were put upon the stand—Thomas and the young woman. Thomas testified as to the correctness of the contract. Upon being questined he stated that the father of the young woman was not allowed to visit her when he and his wife were not present at the boarding house, and that when away she was locked in her room. He further stated that Ina was about 16 years old. The young woman was the other witness. Judge Barley, setting aside dignity for once, descended from the bench picked Ina up in his arms and then returned, where he stood her up on his desk. The little one was greatly confused, but the persuasive and gentle manner of the judge soon dissipated all fear. Upon being questioned by the judge, she said she had been kindly treated by Mr. and Mrs. Thomas, but desired to go home with her father. After hearing those two witnesses the judge decided not to continue the case any further. In rendering his decision, he said that under no phase of the case had Mr. and Mrs. Thomas the right to retention of the the child. Not in any view of the contract had the father turned over adoption of the child. As to breaking the contract, that matter did not come into the case in question. He then turned the child over to the custody of her father. Mr. Machen took an appeal and said his client would furnish the necessary bail by 12 o'clock. The judge allowed the appeal to be noted and put Brewer under a personal bond of $500 for the production of his daughter in court at that hour Brewer is from Mount Pisgah N. C., and entered into a contract with Thomas on March 5 last to exhibit his daughter as a midget for the consideration of $20 a week for 20 weeks and $25 a week thereafter for the remainder of the season. During the past week Brewer became home-sick and wished to get possession of his child, hence the litigation.

The case was called for trial at 12:20 o'clock today. Mr. Brewer, accompanied by his child, was in court to answer to his bond given last night.

The appeal was withdrawn by counsel for the defendant and the custody of the child finally given to its father.

It developed after the trial that Thomas owed Brewer quite a sum of money. A check for $50, drawn on the Wachovia Loan and Trust Company, of Winston-Salem, N. C., by Thomas and made payable to Brewer, was returned, the secretary stating that Thomas had overdrawn his account. This and other circumstances prompted Brewer to take he action that he did.

The Last of the Pentz.

As has been stated in the Gazette, the steamer Samuel J. Pentz, after an existence of over 46 years, will be dismantled, and her remains go on the scrap heap. She arrived at Baltimore yesterday from Washington and was placed on Wm. E. Woodall's drydock to have her metal taken off and prepare her for dismantling. The Samuel J. Pentz was built in 1859 at Greenpoint, N. Y., and was formerly called the Long Island, and was employed in the government service during the civil war on the James river as a dispatch boat by officers of the federal army. At the close of the war she was sold at public auction and bought by the Maryland Steamboat Company, that at considerable expense changed her into an excursion steamer and called her Samuel J. Pentz, in compliment to the then president and who had large interests in the company. The Pentz subsequently ran on the Potomac, at one time being used as an auxiliary steamer on the Aquia creek mail route and later as an excursion steamer. It is said that it is contemplated to procure another steamer to take the place of the Pentz.

The Original Engine?

As heretofore stated, the members of the Friendship Veteran Fire Association which visited Hagerstown, Md., this week and took with them the old engine, were the observed of all observers and received flattering attention. While the old engine was standing on the street on the day of the parade several men surrounded Capt. J. F. Webster (one of the youngest members of the company) and plied him with all kinds of questions. To these inquiries he replied that the engine was the "original" brought to Alexandria from Philadelphia over the road, drawn by a yoke of oxen which was driven by Capt. John C. Nightingill, for one hundred years janitor and superintendent of the city offices. Asked why the engine looked so much like those in common use less than fifty years ago, Capt. Webster replied that as science advanced the latest improvements were made to the engine and finally she reached the state of perfection in which she was then being exhibited. The explanation was accepted.

Another Version.

Mr. Virgil Davis, who was seriously cut opposite the old fair grounds on upper King street Thursday night, says the assault upon him was unprovoked. According to the young man's version, he was walking along when one of four negroes, who were walking in the opposite direction jostled him intentionally. When he remonstrated with him for his rudeness the darkey called him an ugly name. Mr. Davis thereupon struck the negro and knocked him down and was administering further punishment when the negro took a razor from his pocket and slashed him across the head and face. The young man is confined to his home by his injuries and was unable to appear in the Police Court this morning to testify against four negroes who are suspected of the assault.

Police Court.

Justice May presided in the Police Court again this morning. But one case was disposed of. Officers Roberts and Allen had arrested a colored individual named William Brent, charged with unseemly conduct. He was fined $5.

The case against several negroes who are suspected of committing a murderous assault upon Virgil Davis was to have been examined this morning. One of the suspects (David White) who had been released on $10 collateral, failed to appear, but two others (Dewey and Price), who had also left collateral, were present when their names where called. The case will be examined Monday, provided young Davis is able to appear. Officer Roberts arrested White during the day.

Recognition Services.

The committee having in charge the recognition services of Rev. Dr. W. F. Fisher, of the Baptist Church, have completed the arrangements for the same, which will be held on next Monday evening at the church. The congregations of the various churches of the city are invited to be present. Among the speakers will be Rev. Dr. Brooke and Rev. W. L. Wayts, of this city; Rev. Weston Bruner, of Washington, and Dr. Frank R Boston, of Warrenton. Music will be furnished by the choir of the church, a quartette of the M. E. Church South choir, a duet by Mrs. D. M. Steers and Mr. Philip Scantling, of Washington, and solos by Dr. Outcalt and Miss Lucy Graves of this city.

Vehicles Overturned.

Attention has heretofore been called to the dangerous condition of the north side of King street, near Hooff's run. The roadway is narrow and on top of a a high embankment. A few Sundays ago a buggy containing a gentleman and lady was capsized at that place and both the occupants were thrown down the bank in front of the gate leading to Mr. Benjamin Baggett's residence. Yesterday two more vehicles were overturned at the same spot. The electric railway curves a short distance to the north, and trains running to and fro frighten horses which are compelled in order to keep in the road to pass within a few feet of the track.

Attacked by Dogs.

One of the Italians at work on the railroad improvements adjoining this city invaded the premises of Mr. Benjamin Baggett last night. Several vicious dogs which are kept on the place to receive unannounced and undesirable guests lost no time in using their teeth upon the trespasser, and it is said that before he succeeded in scaling the fence and making his escape not only was the Italian an urgent subject for a quilting party, but in need of surgical attention also.

The Market.

There was another abundant supply of country produce in market this morning. The display of vegetables was profuse and prices were weakening. Many strawberries were on the benches, and they were selling as low as 5 cents per box. Butter ranged from 25 to 30 cents a pound and eggs at 20 cents a dozen. Chickens were still high. There was an average offering of fresh fish. The usual high prices prevailed.

Italian Warship Coming.

The Italian warship Dogali is to visit these waters. A Potomac river pilot has been applied for, the statement being made that the vessel will be off Cape Henry between June 13 and 16. The Dogali will come as far as this port, where her officers and proceed to Washington will disembark.

Released.

James Griffin, jr., of this city, who was arrested recently on suspicion of being a party to the robbery of C. B. Leary's store, at Cherry Hill, on the Washington-Southern Railway, has been released by the Prince William Court, no evidence having been produced against him.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of Piles, "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles, Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at E. S. Leadbeater & Sons Druggist.

Personal.

Mrs. Ashby Miller and daughter, of Richmond, Va., who have been visiting Mrs. William H. Gilbert, left here on Monday, for Detroit, Mich. Mrs. Miller, goes to join her husband, who is engaged in business in that city. She was accompanied by her mother Mrs English. —[Prince George's, Md., Enquirer.

Miss Annie Ansley, who had been quite sick for some time, is rapidly improving.

Mrs. Harry W. Rudd, who was ill for the past week, is now out of danger.

Justice Julius Pelton fell down a stairway at his home a day or two ago and was painfully injured on one shoulder. He is rapidly improving, however.

Colonel and Mrs. Littleton W. T. Waller, of Norfolk, were the guests yesterday of Mr. and Mrs. Frank King.

Mr. William Larmour, a native of this city, but who left here for the northwest over half a century ago, is on a visit to his old home. He has met a few of his old acquaintances, and has been greatly interested in the reproduction of reminiscenses of Alexandria in ante bellum days.

Mr. James W. Franks, formerly of this city but now of Bloomington, Ill., is on a visit to his parents, Mr. and Mrs. Charles F. Franks, on north Washington street.

Mr. Howard T. Colvin, secretary of the Trades' Council of this city, has just returned from Newport News where he has been in attendance at the tenth annual convention of the Virginia State Federation of Labor.

Caused by Expansion.

It is now generally believed that the damage by the buckling yesterday of the vitrified brick roadway on the south side of King street, near Columbus, was caused by expansion, and not sewer gas, as was at first supposed. It is said by some that the trouble was the result of neglect to place suitable joints in the work to meet such an emergency, but this is not generally accepted. It will be remembered that the pavement at this particular point was laid during very cold weather and the natural expansion of the bricks and cement in warm weather is sufficient to have caused the buckling. The concrete foundation of the pavement is intact. Repairs will be commenced at once.

Injunction Proceedings.

Judge Nicol at Manassas today heard arguments on the petition of Mrs. Catherine Makely of this city to enjoin the Southern Railway from congregating locomotives near her property near the corner of Henry and Wilkes street and from damaging the same by smoke and soot from the railroad company's round house and machine shop. At 3 o'clock this evening no decision had been reached. The plaintiff was represented by Col. F. L. Smith and the defendant company by Mr. C. C. Carlin.

Later—The case was continued until August 7th.

Maccabees Excursion.

The annual excursion of the Knights and ladies of the Maccabees to River View next Tuesday will afford another opportunity to all who desire to do so to enjoy a delightful ride on the river and experience a pleasant day at River View. A boat will leave at 10 a. m., and at 2:15 and 6:45 p. m. The boat will leave River View at 12:45, 5, 8 and 10:30 p. m. The excursions given by the Maccabees have always been popular, and that next Tuesday bids fair to be another pleasant affair.

The Carnival.

Another very large crowd visited the Jones-Adams Carnival on the old fair grounds last night and liberally patronized the many shows. "Osay" entertained a number of persons by biting the head off of a rattlesnake and eating portions of its body. The moving pictures, the girls in red and Parkhurst continued to be well patronized. Tonight is the last night of the carnival and the largest attendance of the week is expected.

Children's Day Services.

The Children's Day services of the First Baptist Sunday School will be held tomorrow evening instead of the regular church services.

Children's Day services will be held in Trinity Methodist and the M. E. Church South Churches tomorrow night at 8 o'clock.

Organ Recital.

A large congregation attended Grace Church last night when Mr. S. Frederick Smith, of Washington, gave a delightful recital upon the new and handsome organ just placed in that church. Mr. Smith was assisted by Mrs. L. C. Hulfish and Mr. Kenneth Ogden, of this city.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Creighton & Co.

COLDREN'S GUM Elevates the Standard of the Mason Jar.

Read Carefully

By using Coldren's Extra Heavy Jar Gums you need no wrench to close or open your jars, consequently there will be no broken cap linings or tops of jars.

See that the edge of the cap is smooth and even, then screw it down with your hands (use no wrench,), and when the time comes to open the jar, pull the gum by the lip and it will easily slip from under the cap.

These rings are made double-thick and of an A-1 quality, hence we guarantee they will stay in position under the edge of the cap when placed in use, which is not the case with many of the cheap and thin cut goods. Try them and you will be convinced.

AUCTION SALES.

IMPORTANT! RARE OPPORTUNITY!

SALE OF DESIRABLE LOTS, PARCELS AND TRACTS, SOME IMPROVED WITH HOUSES AND OTHER BUILDINGS, AND OTHERS UNIMPROVED BUT SUITABLE FOR BUILDING AND OTHER PURPOSES, AT

POTOMAC CITY, Quantico, VA.,

MONDAY, JUNE 19, at 1:30 p. m.

TAKE NOTICE—The sale is to take place at Potomac City, NOT AT MANASSAS. Sale was originally advertised for Manassas, but has been postponed to June 19th in order that it may take place AT POTOMAC CITY, where property is situated.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY, JUNE 19, 1905,

at 1:30 p. m., at POTOMAC CITY (QUANTICO), VA., sell at public auction so much of the right, title, interest and estate of the defendant, Max Lansburgh, in and to that valuable and extensive domain situated in the county of Prince William, State of Virginia,

FRONTING ON THE POTOMAC RIVER, AT POTOMAC CITY (QUANTICO), VA.,

described as containing 4,264 acres, more or less, and bounded on the north by Quantico creek, on the south by Chappawamsic creek and on the west by the telegraph road, together with all rights and appurtenances there to belonging or in any wise appertaining, as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh; to-wit, the sum of $2,741.77, with interest on $2,473.66, part thereof, from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

Although the holdings of defendant, Max Lansburgh, are subject to the contingent dower right of his wife in the equity of redemption, and subject also to the rights of W. A. Wimsatt under a certain agreement bearing date February 9, 1904 and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county in liber 52, page 323, and consequently, should it be necessary to sell the entire holdings of Mr. Lansburgh, the sale would have to be subject thereto; yet the commissioners will be in a position to give good titles to individual lots, parcels etc., without encroaching upon the bulk of the domain, because, in the first place, resort would after such sales have to be made in respect of said contingent dower interest to the remaining bulk of the domain thus relieving the individual lots, parcels &c. and, in the second place, the rights of W. A. Wimsatt are expressly subject to a release by him of his liens when individual lots, parcels etc., without encroaching upon the bulk of the domain, and without interference with his timber cutting, are sold.

In conductinng the sale, therefore, the commissioners will first proceed to offer individuals lots, parcels etc, as follows:

Church and schoolhouse together with half acre of ground;

Two 2-story 7-room dwellings, very desirable;

Four 1-story dwellings, containing, respectively, 2, 3 and 4 rooms;

One store-building, one story;

An exceptionally large 2-story dwelling in addition to the the two already mentioned;

One combined stable and barn;

Numerous valuable building lots;

"M. Turner Tract" of 32 acres;

"T. Turner Tract of 40.25 acres:

"Dowell Tract" of 40 acres;

"Maddox Tract" of 48 acres;

"Downer Tract" of 57.75 acre;

"McNair Tract" of 70.12 acres; etc. etc.

This is a great opportunity to buy homes and build homes in the eastern section of the county, with excellent railroad facilities, and all the advantages of the water facilities afforded by the Potomac river which are the more available at Potomac City on account of the depth of the channel at that point.

JAMES R. CATON,
J. B. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees— the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.

Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS
3 Don't boil it too long.
Don't let it stand more than ten minutes before serving.
Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

SATURDAY EVENING, JUNE 10, 1905.

New Norway.

A dispatch from Copenhagen says that all hope that King Oscar or Crown Prince Gustave will yield to the request of the Norwegian Storthing to place a prince of the house of Bernadotte on the throne of Norway has now disappeared, according to a high authority. The Danish royal family has also set the stamp of disapproval on the acceptance of the throne by a Danish prince. It is understood that arrangements are actually being made for a national convention in Norway, and this, it is believed, will inevitably result in the declaration of a republic.

According to well-informed persons in Copenhagen, Russia and Germany will refuse to recognize the Norwegian government until King Oscar consents to the disruption of the union. Strong efforts are being made to secure similar action by other governments, including that of Denmark, and it is stated that these efforts are meeting with encouragement.

The Norweigian press and people remain singularly undemonstrative. Premier Michaelsen wants no demonstrations and yesterday refused to permit a large procession of Christianians in approval of the action of the Storthing.

King Oscar is quoted as saying that he would avoid war at any cost.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.
